

**CITY OF MOUNTAIN VIEW
MEMORANDUM**

DATE: May 19, 2004

TO: City Council

FROM: Dennis Belluomini, Traffic Engineer
Cathy R. Lazarus, Public Works Director

SUBJECT: MAY 25, 2004 STUDY SESSION – 2020 PENINSULA GATEWAY
CORRIDOR STUDY

PURPOSE OF STUDY SESSION

The 2020 Peninsula Gateway Corridor Study (Study) is cosponsored by the City/County Association of Governments of San Mateo County (C/CAG), the Santa Clara County Valley Transportation Authority (VTA) and the San Mateo County Transportation Authority (TA) to analyze roadway improvements that have the potential of reducing traffic congestion along Highway 101 between Highway 84 (Woodside Road) in Redwood City and Highway 85 in Mountain View, including approaches to the Dumbarton Bridge.

The specific goals of the study are to:

- Identify potential short-, medium- and long-range transportation improvements that will facilitate access to existing and planned commercial, industrial, residential and cultural/institutional uses and enhance and promote economic opportunities in the study area.
- Identify transportation improvements that optimize the use of existing infrastructure to improve traffic flow and reduce congestion and its impact to local communities in the study area.
- Identify possible solutions that will minimize the environmental impact on the Baylands and habitat.

Mr. Rich Napier, C/CAG Executive Director, will present an overview of the Study and its current status and answer any questions Councilmembers may have about the

City Council
